## High Court Says Dist. 34 School Tax Levy Illegal

### Lake Villa and Many Other Districts in Jam Over Decision

Antioch and Lake Villa grade school district like 16 other districts in Lake county and hundreds more over Illinois is affected by a supreme court ruling which declared its education tax referendum illegal.

The decision was handed down in a suit by the Milwaukee railroad against the Bensenville school district in DuPage county on the Butler law interpretation and the tax levies in the 18 schools of this county are comparable.

The court held that a graduated scale of increases was necessary over a period of years instead of one big jump.

Dist. 34 of Antioch on May 31, 1947 levied taxes for education at the rate of .91 which this year was expected to bring in \$78,000. Under the court's decision the district would get only \$34,000.

Dist. 41 of Lake Villa on Aug. 17, 1946 levied at the rate of .90 and this year would receive at least \$50,000, but under the court ruling it would get but \$24,983.

Waukegan grade and high schools stand to take a loss together of approximately \$700,000.

This spells disaster for many school districts.

**Antioch Can Keep Operating**  
Antioch through its pay-as-you-go procedure has not issued any tax warrants and will be able to finish the year without difficulty. Lake Villa may be able to do the same.

Just what will be done to relieve the situation is not known, but there will be payless paydays for teachers and schools may have to close unless there is some relief.

School associations may seek a Supreme court re-hearing of the Bensenville case, Morris E. Houser, field secretary of the Illinois Association of School Boards said.

"In view of the fact that no stone was left unturned by counsel for the Bensenville districts, there is serious question as to whether it would not be futile to seek a re-hearing."

The other remedy may be sought in the quick passage of a school tax relief bill by the legislature, currently in session in Springfield.

**Will File An Appeal**  
Vernon L. Nickell, state superintendent of public instruction, said that petitions for re-hearing will be filed because "we don't think

(Continued on page 5)

## Army, Air Force Have More Enlistments in January Than December

The Army and Air Force Recruiting Service experienced their biggest month during January for voluntary enlistments according to information just released by Sgt. 1/c Miles I. Lihn, recruiting officer for this area.

The total enlistment figure for the month was 97, the Army getting 33 volunteers and the Air Force 64. The December total of 74 was exceeded by 23.

Sgt. Lihn explained that this isn't necessarily a true picture of the trend inasmuch as Air Force enlistments have been frozen since Jan. 10, except for veterans who may enlist at any time. "A present waiting list of 73 applicants for Air Force keeps growing. However, judging from past experiences many of these men will be drafted or volunteered for the Army before their names are reached," Sgt. Lihn added.

For the Army, which hasn't been frozen, enlistments are being made at a steady, brisk pace. Air Force enlistments will definitely open again in February, but a limited quota is anticipated by the Waukegan office.

Four men from Antioch and three from Lake Villa are among those enlisting last month. The Antioch men, all Air Force enlistees were: William E. Morris, Charles D. Rigby, Walter D. Garver and Gordon T. Gebhardt. From Lake Villa, Vincent O. Mason, was the lone Army enlistee and G. M. Crichton and Duane L. Andrews were the Air Force enlistees.

### Subscriber 48 Years

J. F. Woolner is subscribing for the Antioch News for his forty-eighth year. A garden and caretaker of summer estates, Mr. Woolner has lived in this area more than a half century. He and his wife live at Channel Lake.

## Movie For Polio Fund At High School Tonight

A Navy film "The Fighting Lady" will be shown this evening, Feb. 8, at the Antioch Township High school auditorium.

Doors will open at 7 p. m. and the picture will be shown at 8 p. m. No admission will be charged but voluntary contributions will be taken for the Polio Fund during the program.

Principal Richard Edmundson and E. W. Edwards of the faculty have cooperated in making the showing of this exceptional film possible and collections of contributions will be taken by girl students of the high school.

## End Polio Fund Drive Just One Week Distant

With the end of the Polio Fund Drive only one week away and collections to date substantially below the quota set up for Antioch Township, Chairman Sexauer requests that all persons intending to contribute who have not been called on by a Volunteer Worker, send their contribution direct to him at 390 Lake Street, Antioch. Checks should be made payable to Polio Fund Lake County.

By making this final week-a banner one, our township can be brought to the top as it has been in past years, Sexauer said.

Mrs. Jean Schlosser, chairman in Newport township reports that receipts from the card party held in Wadsworth total more than \$800.

## Postmaster Warns That Snow Must Be Cleared From Rural Mail Boxes

Postmaster Roy I. Kufalk reminds patrons of the rural carrier service that the snow must be cleared from the approaches to mail boxes, and suggests that each patron drive his own car to the mail box in order to check the snow condition.

He quoted from a postal bulletin which said:

"Postmasters should remind patrons that under the regulations they are required to keep clear the approaches to their mail boxes by promptly removing obstructions, including snow, which render it difficult or impossible for the rural carrier to deliver mail to the boxes without alighting from his vehicle."

They should be informed that unless the approaches are cleared within a reasonable time after a heavy snowfall, the delivery by carrier may be withheld temporarily until the approaches have been cleared."

Kufalk added that the carriers would stop making deliveries to patrons where snow conditions are bad.

## Antioch High to Play Crystal Lake Jan. 27 At Woodstock Regional

Antioch High school's basketball team will go to the regional tournament this year instead of battling through a district contest.

Announcement of the schedules for Feb. 27 to Mar. 2 places the local school in the Woodstock regional with the Sequoia playing the second game against Crystal Lake.

The tournament will open on Feb. 27 with Grant pitted against the giant Elgin and the Antioch-Crystal Lake game following.

Dundee will play McHenry and Woodstock will play the winner of the district tournament at Richmond-Burton the following night.

Winners in the upper bracket and winners in the lower bracket will play each other on the following evening and the winners of those games will play in the finals on Mar. 2.

This is the first time in many years that the Sequoia have been able to enter a regional tournament. In recent years they have not survived the district contest.

Burlington will be host to a regional meet. The Bronchos will open the tourney against Northbrook; Libertyville will play Elmhurst; Arlington Heights will take on Grayslake; and Palatine will meet Wauconda.

Bensenville will play at York (Elmhurst).

The regional winners will play at a sectional contest, Mar. 7-9, and the 16-team final will be at Champaign Mar. 14-17.

Mrs. Mollie Somerville was a guest of Mrs. Birdella Schwery on Tuesday.

## Republican Women Plan Membership Campaign; Next Meeting Feb. 23

The membership committee of the Women's Republican Club of the Thirteenth Congressional District met at the Karcher Hotel in Waukegan on January 29th and discussed plans for a membership drive to be conducted in Lake County. Mrs. I. R. Marshall of Deerfield, Lake County membership chairman told that the purpose of the club is to interest all Republican women in the district in state issues. Mrs. William L. Winters Co-chairman of the club told that speakers of national importance will be presented at the club meetings. At 2 p. m. on Friday, Feb. 23 at the Evanston Women's club, Senator Richard Nixon of California will be the speaker at a reception and tea given by the club. Mrs. Winters also told of plans of the club to issue a news bulletin to members with reports from our representatives in Washington and Springfield.

Women from all parts of the county braved the icy blasts to attend the meeting. Among those present were Mesdames Wm. C. Petty, Antioch; Richard Wolfe, Vernon township; Henry C. Hawes, Deerfield; W. L. Winters and Paul Date, Highland Park; John F. Doescher and Joseph Welch, Barrington; Andro and Michael Pucin and H. J. Talbot, No. Chicago and J. J. Morley, C. A. Barnes, Willard Ward and Harvey Metzler, Waukegan.

## Village to Get Two-Way Radio Outfit Connected With County's System

The village will seek a two-way radio as a part of the county-wide police system.

Village board members Tuesday evening decided to make application through the county clerk for a set similar to that now installed in the Antioch Rescue squad truck. The cost will be \$10 a month.

Just where the set will be placed has not fully been determined, but it will be where Police Chief Walter Scott will have easy access.

Linked with the sheriff's office the radio system will make possible quick report of a crime and the escape of offenders prevented.

The board transacted many minor matters and for the first time in a year of regular meetings adjourned early.

A permit was issued to Bill Horton to build a 42x38 frame addition to his welding shop at a cost of \$3,200. The new room will house equipment of the Horton Implement Sales Co.

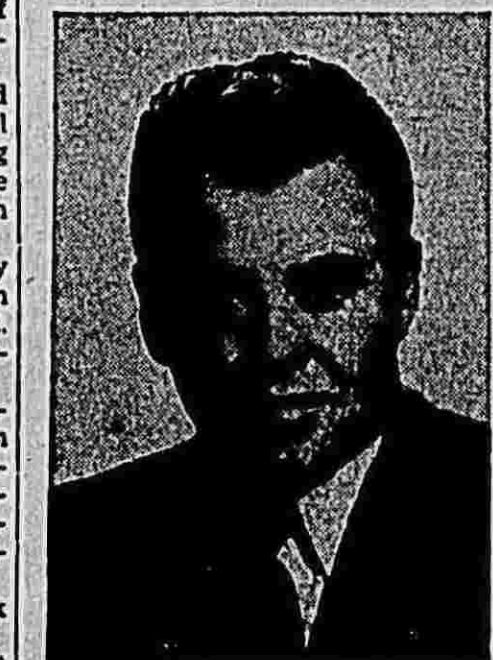

"We have to get our implement in shelter," Horton explained. Hall was and Laursen are the contractors.

The board ordered payment of an amount in excess of \$400 to the Michl Associates for its architectural and engineering work on the new lights. The amount represented a 5 per cent fee based on the original cost of the project.

### Operation Delays Return

An appendectomy which he underwent Jan. 28 has prevented the return of Dr. Irving Breakstone from Florida at the time he planned. He was taken sick while in the south on his vacation.

### Speaker at Waukegan

John Munro, Jr., president of the Illinois State Chamber of Commerce will speak tonight at a dinner in the Swedish Glee club, Waukegan. Guests will be present from Antioch and Lake Villa.

### Another Union He Would Fight For

## Address on Lincoln by Atty. Chas. Mason Will Mark Men's Club Dinner

The Antioch Men's club which is sponsored by the Antioch Methodist church, will hold its first meeting on Monday night, Feb. 12, at the church.

The Lincoln birthday dinner will feature Charles Mason, Waukegan attorney, who is an authority on the Great Emancipator. Mr. Mason has spoken before many thousands of interested audiences and will give an entirely different talk than he has given before.

The dinner will begin at 6:45 followed by group singing which will be led by Charles Watson, choir director of the Methodist church. A short business meeting will proceed the address of the evening. Advance reservations assures a large turnout. Tickets may be obtained at the Antioch News.

## Farm Bureau Reported Record Membership in Annual Meeting Feb. 3

### Howard Bonner, Lake Villa, New Director for This Area

One of the best attended Annual Farm Bureau meetings ever held in Lake County was held at the Warren Township High school Saturday night, Feb. 3. More than 500 adults and young people attended the 36th annual meeting of the Farm Bureau, according to Ronald Paddock, President, who presided at the meeting.

While the adults attended the business meeting in the auditorium, about 100 youngsters enjoyed a movie program under the supervision of Mr. L. A. Norhausen and Miss June Kutil, assistant Youth Adviser.

One of the main items of business was the election of 5 directors to fill vacancies of those who terms expired. The following four directors were reelected for 3-year terms: Avon township, Raymond Dietz; Libertyville township, Stanley Rouse; Vernon township, Michael Zimmer; Warren township, E. E. Elsbury. Howard Bonner of Lake Villa township was newly elected for a 3 year term.

The highlight of the annual meeting was the address by Mr. Asher Hobson, head of the Agricultural Economics Dept. University of Wisconsin. In his talk on "The Agricultural Situation As I See It" the speaker dwelled quite largely on the matter of inflation. The speaker defined our present inflation in terms that all could understand. He said that the purchasing power of the dollar is now equal to about 57c as compared to 100 years ago. He pointed out how wars, threats of wars, and defense programs are inflationary in their very nature. They create demands for goods and services at a rate for greater than it is possible to produce goods and services to meet these demands.

He complimented the Farm Bureau leadership for the action taken in trying to get our government to remove the causes of inflation instead of merely trying to cure the symptoms.

President, Ronald Paddock, in his report reviewed the progress of the Farm Bureau in Lake County in recent years. He told how the organization

## Corbin's Bond Claim Nears Final Settlement For Total of \$1,977.78

The village board was notified this week by Dr. B. J. Corbin that he is accepting its offer of \$1,950.78 in settlement of his claim for money due in payment for assessment bonds and compound interest.

He asked that the village pay the court costs of \$27 which it will do. The board ordered Treasurer Martha Hunter to pay Corbin \$1,977.78 from the general assessment account and close the warrants.

Thus, a controversy that has lasted since 1933 is brought to an end. The village has had the money and has been willing to redeem the bonds these many years, but could never arrive at a figure that the bondholder could agree upon.

The situation was complicated by the fact that years ago the treasurer, as did all others over Illinois, placed the receipts in a general fund and paid them out on demand.

Recently Dr. Corbin asked an accounting and this necessitated many hours of search through records for specific payments. The accountant finally came up with the figure proposed and it was accepted somewhat reluctantly by the bondholder.

Of the total amount the principal on the bonds amounted to but \$388, but interest compound on them and on other bonds for which the principal had been paid multiplied this sum several times over.

This now leaves the village with no indebtedness on special assessment bonds and with a record of having made good on all bonds of this nature.

In recent years, board members have spent many a weary hour trying to get this claim settled and it was with a sigh of relief that the end was seen Tuesday night.

## Oscar Hansen Dies at Hines Veterans Hospital Funeral Held Monday

Oscar Hansen, 57, Antioch township, died at 12:30 p. m. Friday at the Hines Veterans Administration hospital. He had been ill since last April.

Mr. Hansen was born Jan. 27, 1894 in Copenhagen, Denmark. He had resided in Antioch township 15 years, coming here from Chicago. During World War I he held the American Expeditionary Force light weight wrestling championship.

He was a member of the Veterans of Foreign Wars, post 4551, American Legion, post 748, both of Antioch.

He is survived by a sister, Mrs. Jennie Studmann, and three brothers, Carl, Fred and Christ, of Chicago.

He was preceded in death by his wife, Mathilda, Sept. 4, 1949. The funeral services were at 2 p. m. Monday at Strangs with the Rev. Roberts Ehrgott in charge. Burial was at Hillside.

### No School on Monday

Because Monday, Lincoln's birthday anniversary, is a holiday in Illinois, there will be no public school sessions in either the grade or the high school.

The Lions club will have its regular meeting Monday at Adolph's Channel Inn. Cecil Smith, a navy man, will show movies of naval operations.

## Village Board Delays Action on Proposed Telephone Franchise

### Is Turned Down in Request For Time Limit to Agreement

Members of the village board took no action Tuesday evening on a franchise proposed by the Illinois Bell Telephone Co. as presented to it by Edward Jacobs, village attorney.

The telephone company several months ago suggested a new franchise to replace the one that the village gave to its predecessor back in 1898.

The board left to Atty. Jacobs a study of any new franchise that might be proposed, but insisted that a time limit of a reasonable nature be established instead of the perpetual one that now exists.

Jacobs said that J. M. Littler, manager of the Antioch and Libertyville exchanges refused to include a time limit in the document and told him it was a "take it or leave it" proposition.

Trustees are asking what is behind all of this attempt at a new franchise.

The only advantage offered to the village is the free service of not to exceed five telephones, and while the village could perhaps save two or three dollars a month by having to pay for one less telephone, it hasn't asked for that consideration.

The new franchise as presented to the village attorney by Littler is much more voluminous than the one page agreement of 53 years ago.

"I don't think we will get less or more service either way, drolled President James McMillen. "The telephone company is here to stay and the state commerce commission is in a position to protect us."

This same attitude was expressed when the board took no action in opposing or approving the request of the telephone company for higher rates.

Notice of the hearing before the I. C. C. is set for Wednesday of next week.

## Grant Here on Friday; At Grayslake Saturday; Lost to Bronchos 62-55

Antioch High lost to Barrington 62 to 55 in basketball there last Friday evening, but gave the conference leaders a real scare. A last minute break could easily have given the Sequoia a victory.

Eleven points behind at one time, the Antioch boys, pulled up to within 5 points of the Bronchos with only a minute to play.

A reserve force gave Barrington the edge over Antioch. Pederson, a guard, scored 26 of Barrington's points.

Lubkeman and Buzz Haviland shared scoring honors for Antioch with 16, but it was a scoring night for all of the members on the team. "The boys played good ball and I was proud of them," said Coach Scott.

With the kind of ball played at Barrington, Antioch should beat Grant here tomorrow evening. If they do, it will put them back in fourth place with a percentage of .500.

The Sequoia will play Grayslake there Saturday evening.

The Sophomores lost at Barrington 40 to 29. The Antioch team was making a good comeback in the last quarter when the game ended. Barrington (62)

### Hear Talk on Draft

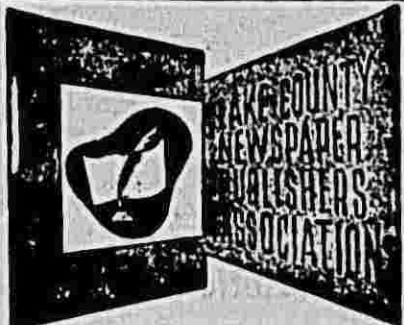

Principal R. E. Edmundson and five senior boys, Richard Hook, Bill Hucker, Bernard Cosgrove, Bernard Gutowski, and Chase Millspool attended a meeting at Northwestern university last week at which Colonel Armstrong, chairman of selective service spoke on the air force, navy, army and ROTC. He assured the audience that high school boys will be able to finish their schooling up to the age of 20. After they have completed their high school work, they may be subject to draft.

### Economic Highlights

The country was prepared for a shock from Mr. Truman's budget message. It got a sharper one than many had bargained for.

The most striking part of the message lay in the way domestic projects were lumped with the defense effort. As a Wall Street Journal news account described it, "President Truman is putting the Fair Deal into uniform. All the old familiar ambitions, from the Brannan farm subsidy plan and the St. Lawrence Seaway project to establishment of a fair employment practices committee and Federal health insurance, were injected into the gigantic 'defense' budget for 1951-52."

Everyone expected a very heavy increase in spending, due, of course, to the war situation. But Mr. Truman went farther than was generally anticipated. His budget envisions the spending of \$71,594,000,000 for the next fiscal year—as compared with about \$47,210,000,000 for the fiscal year which will end next June. And this is not the end of it. He wants actual appropriations of \$94,429,000,000, some of which will be spent over a period of several years. Then he asks more than \$4,000,000,000 to meet contracts which were entered in to the past.

Finally, Mr. Truman urged that this huge budget be balanced through heavier taxes. The new tax load, he intimated, might be as much as \$20,000,000,000 a year.

By comparison, the major increase in taxes which Congress voted toward the end of last year will produce only about \$8,000,000,000. In other words, the President wants tax increases which will be double, or more than double, those we have just taken.

So much for the message, which is set out in detail in a 1,009 page book for the edification of Congress. What is Congress likely to do?

First of all, there seems hardly a chance that Congress will go along with the President in his effort to tie domestic and defense expenditures together as necessary to the national welfare and survival. A combination of Republican and Southern Democrats—with assistance from some Northern Democrats—are all set to block that. Senator Byrd is one of the most forthright spokesmen for this group on budget matters. He declared that the President's message "represents the very height of fiscal irresponsibility." He said further that the proposed budget contains "a great many projects which are wide open for boondoggie exploitation by Federal agencies, state and local agencies, and fly-by-night business outfits all of which are trying to get into the 'defense act.'" This view is held by a large and powerful segment of Congress. Incidentally, Senator Byrd said on an earlier occasion that Federal spending could be cut by \$7,000,000,000 a year without touching any defense appropriations.

Next, there is going to be a knock-down fight on the tax issue. Senator George who, as Chairman of the Senate Finance Committee, is one of the most powerful men in Congress when it comes to fiscal legislation, recently expressed the fear that taxes may increase to the point where they would cripple our economy. No one doubts that taxes will go up, but it is extremely unlikely that they will be raised to the level asked by Mr. Truman. The tax problem has become further complicated by the fact that state and local taxes of all kinds have risen sharply since the last war, are still rising in many places, and the taxpayer has less and less left that the Federal government can tap. And the present cost of living, which is at an all-time high, has added more fuel to this financial fire.

The best guess is that Congress will shoot the works on defense, but do some very heavy cutting on non-defense items. It will carefully survey the whole tax structure. A national sales tax is finding support in some influential quarters.

### LAKE VILLA

Mrs. Thyra Ekdahl who has been at the Ekdahl home since Thanksgiving Day, left last Saturday for her home in Seattle, after caring for Mrs. Gust Ekdahl during that time, and for the present, the Carl Ekdahl family is with their mother to care for her.

Pupils of Lake Villa school who have been housed at the Sand Lake school building and at the Village hall have been moved to the new addition this week, and further announcements will be given as the work progresses.

The Royal Neighbors expect to hold their next meeting at the village hall on Tuesday afternoon, Feb. 13, and the new officers will preside.

Mrs. Edward Langbein entertained a group of Sharon's schoolmates at a party at their home last Friday afternoon, after school, in celebration of Sharon's eighth birthday anniversary. They played games, watched television and enjoyed their refreshments of cake and ice cream. Mrs. Ben Cribb and Mrs. Russell Nickerson assisted Mrs. Langbein.

Walter Schneider and George Rox returned this week from Florida, where they spent a short time, but returned sooner than they had intended because of cold in the South.

The Millburn Temple Association will sponsor a card party at the Masonic hall on Saturday evening, Feb. 10. The usual games will be played and there will be prizes and refreshments. Mr. and Mrs. George Murrie are chairmen.

Mrs. John Gleason is a patient at Victory Memorial hospital where her husband is also a patient. She was injured one evening last week when she became entangled in a chain with which she was exercising her dog. However she is recovering.

Mrs. Eleanor Gilmore went to Chicago on Thursday to enter Columbus hospital as a surgical patient and her sister, Mrs. B. J. Hooper accompanied her to the city.

Mrs. Leeper who has been with her daughter, Mrs. Don Summers for the past month, left Friday for her home in Tennessee. Mrs. Summers took her as far as Chicago.

Mrs. Lillian Wallace was hostess for the pinochle club at her home southwest of town.

Cedar Lake Camp Royal Neighbors held open installation at the school gym on Tuesday evening last week, and due to cold weather and bad driving conditions, attendance was not as large as was expected. Mrs. Gladys Ames, of Gurnee was installing officer and Cecile Blumenschein was ceremonial marshal to install the following officers: Oracle, Harriet Davis; vice

oracle Mabelle Selzer; past oracle, Cecile Blumenschein; chancellor, Ethel Wood; recorder, Helen Fish; receiver, Cora Hamlin; marshal and assistant marshal, Georgia Avery and Marie Hamlin; manager for 3 years, Matilda Bartlett; inner and outer sentinels Lillie Freier and Elizabeth Anzinger; musician, Marjorie Helm and flag bearer, Velma Langosch; faith, Edna Botts, courage Mary Hriblan; modesty, Marcela Jesse; unselfishness, Matilda Bartlett and endurance Anna Fink. Misses Carol and Joan Cervenka of Grass Lake furnished piano and accordion music and Mary Wolff and Donna Reidel played piano duets. Cake and coffee were served at the close of the evening. Each officer was presented with flowers. Cecile Blumenschein was presented with a Past Oracle's pin and Mrs. Ames received a gift from the Camp.

The Royal Neighbor Officers club will sponsor a public card party at the home of Mrs. Marie Hamlin on Wednesday afternoon, Feb. 14, with Cora Hamlin as co-hostess. Visitors are invited. Dessert luncheon at 12:30.

The P. T. A. of Lake Villa consolidated grade school will sponsor a public card and bunco party at the school gym on Saturday evening.

## ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has  
developed for you more basic  
advances in motor car value  
than any new car line  
has offered in years!

Whether you expect to own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

WINDSOR 4-DOOR SEDAN

**Gracious new Beauty,  
to stay new for years!**

Stunning new lines... rich new interiors... Clearbac full-vision rear windows... and remember, your Chrysler's baked-on enamel finish is the all-round toughest, most durable automobile finish known!

**New Oniflow Ride,  
unequalled in smoothness!**

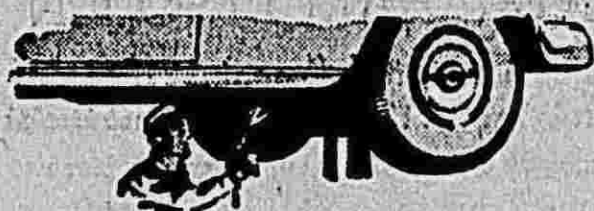

On every Chrysler for '51, Chrysler presents the amazing new Oniflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

**New FirePower Engine,  
matchless in Power!**

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

**New Chrysler-built value throughout your new car!**

Chassis undercoating at no extra cost... Safety Rims on every wheel... Superfinish engine parts... Safety Cushion dash... Cyclebond brake linings... Chrysler engineering skill means extra value all through your car!

COME SEE THE NEW  
**CHRYSLER**  
Best engineered car in the world!

### Legal Notice

#### CERTIFIED COPY OF RESOLUTIONS OF THE BOARD OF DIRECTORS OF THE LAKE VILLA TRUST AND SAVINGS BANK

At a meeting of the Board of Directors of the Lake Villa Trust and Savings Bank held on January 11, 1951 the following resolutions were adopted:

WHEREAS by Section 17 of "An Act to revise the law in relation to promissory notes, bonds, due bills and other instruments in writing" approved March 17, 1874, as recently amended, it is provided in part that any bank doing business within the State of Illinois may select any one day of the week to remain closed and that any act authorized, required or permitted to be performed at or by or with respect to such bank on a day which it has selected to remain closed under the provisions of said Act may be performed on the next succeeding business day;

NOW THEREFORE, BE IT RESOLVED that pursuant to all the provisions of the aforesaid Act this Bank hereby selects and designates the 4th day of the week, commonly called Wednesday as the day of the week to remain closed, commencing with Wednesday the 7th day of March, 1951.

BE IT FURTHER RESOLVED that the Cashier of this Bank, the officer having charge of the records of this Bank, shall be and he is hereby directed to certify a copy of these resolutions, to file the same with the Recorder of Deeds of Lake County and to publish the same at least once each week for three successive weeks in a newspaper of general circulation in such county, all prior to the date of such first closing.

I, the Cashier of the Lake Villa Trust and Savings Bank, do hereby certify that the foregoing is a true copy of resolutions adopted by the Board of Directors of the said Bank at a duly constituted meeting of the said Board held on the 11th day of January, 1951 and entered upon the regular record book of said Bank.

E. K. Hart, Cashier  
STATE OF ILLINOIS

#### COUNTY OF LAKE

On this 12th day of January, 1951 before me, a Notary Public in and for said County and State, personally appeared E. K. Hart, known to me to be the person who executed the foregoing certificate, and acknowledged to me that he executed the same; and being by me duly sworn did depose and say that he is the Cashier of the Lake Villa Trust and Savings Bank; that as such officer he has charge of the records and seal of said Bank; and that the foregoing certificate is true to his own knowledge.

Walter F. Horenberger,  
Notary Public  
(Jan. 25, Feb 1, 8, 1951)

# SOCIETY EVENTS

## MEMBERS OF HOLY NAME SOCIETY TO ATTEND MASS

Members of St. Peter's Holy Name Society will attend 8 a. m. Mass next Sunday for their monthly communion followed by breakfast in the basement and for guest speaker will have Rev. Richard Felix, O. S. B., Prior and Founder of Benedictine Monastery, at Benet Lake, Wis.

Father Felix has just returned from a three months trip in Europe and the near east, spending two weeks in England, two weeks in Rome and two weeks in the Holy Land, having the privilege of saying mass on Christmas night in Bethlehem.

## B. G. GUILLAUME SELECTED TO HEAD METHODIST DRIVE

Bernard G. Guillaume has been unanimously selected to be the Executive Chairman of the campaign for a new Church School addition at the Methodist church in Antioch. Mr. Guillaume, who succeeds Louis Horton, was selected by the Building Committee of the church at a special meeting last Sunday afternoon.

Mr. Guillaume is former superintendent of the Methodist church school. He directed the Crusade for Christ in the local church school which focused nation-wide attention on the local church.

In a statement following his selection as executive chairman Mr. Guillaume said, "This is indeed a challenge to all to complete a great job half finished. The dire need is more imperative now than when the expansion began." He is expected to select an Executive Committee this week which will in turn appoint committees to carry on various phases of the campaign.

In a one year campaign which "officially" came to a close on January 22, the local church raised \$14,000 in pledges to a new addition. Leaders of the church expressed hope this week that this will be the final campaign and that a building program will soon be forthcoming.

## INTERMEDIATE M. Y. F. TO PRESENT PLAY

The Intermediate M. Y. F. will meet at the Methodist church at 2 p. m. Sunday, where the group will witness a play entitled "Jacob's Ladder." Indoor recreation will ensue.

Mrs. Mollie Somerville entertained at bridge Tuesday afternoon. Those having high scores were Mesdames William Keulman, John Brogan and Clara Buck.

## Lake Villa Church News

The World Day of Prayer will be observed in Lake Villa in the Community Church from 2:00 until 3:00 p. m. A program of prayers, litanies, music, hymns and a brief message by the pastor will be presented. Since this Day of Prayer is an interdenominational and international observance, everyone, regardless of creed should feel welcome to attend.

A new venture in the field of Christian Education for this church will be the class for younger children which opens Saturday morning at 9:00 a. m. and runs each Saturday during Lent. The climax of the intensive period of training in churchmanship, and particularly the meaning of the sacraments, will be the administration of the sacrament to the children on Thursday evening of Holy Week. It is hoped that such a class will enrich the background of future confirmation candidates. Any child in this age group is welcome to attend. Sessions will last 45 minutes and include the learning of the great hymns of the church.

Likewise, the usual class for training older children for church membership will be started Saturday morning at 10:00 a. m. Children who attend are not obligated to join the church. They will be given the opportunity to do so on Palm Sunday. Children who have not been baptized will receive the sacrament on that Sunday. Again, this class is open to all who care to attend. There is no obligation.

The University of Life will study the book of Hosea at their next study session on Sunday morning at 9:45 in the parsonage living room.

Sunday, Feb. 11, is Boy Scout Sunday all over the nation, and on that day everyone in the scouting family will be attending the church of their choice, in uniform if possible. The doors of this church are especially thrown open wide next Sunday to cubs, scouts and scouters who are not attending elsewhere. They will sit together and will have a part in the opening worship service. This will be a colorful, and informative service as the church learns from scouting. Theme of the service will be a combination of the mottoes of cubs and scouts: "Be prepared with Good Will."

A nursery is kept open in the church basement for children too small to attend the service.

## Celebrate Golden Anniversary

**Mr. and Mrs. Bert Ray Married 50 Years Ago In Antioch M.E. Church**

Mr. and Mrs. Bert Ray, 821 Porter st., Waukegan, will hold open house from 2 to 4 and 7 to 9 p. m. Sunday, Feb. 11, in celebration of their golden wedding anniversary.

As Nellie Brown of Antioch, Mrs. Ray and Mr. Ray exchanged vows before the Rev. E. J. Aiken, pastor of the Antioch Methodist church in 1901.

They were attended by Maud Look, now Mrs. Ralph Hall of Waukegan, and the late George B. Bartlett, who was mayor of Antioch for 25 years.

Mr. and Mrs. Ray have lived at their present address 47 years.

Mrs. Ray was born on the Rhymer farm at Loon Lake and was a graduate of the Antioch Township High school. She served as the department commander of the Daughters of the G. A. R. in 1928, and was national commander in chief in 1949 and 1950. She is also a 50-year member of the Olsen camp 459, Antioch, Royal Neighbors of America.

Mr. Ray was born in Gurnee and operated a gas station in Antioch for 20 years, retiring four years ago.

He is a member of the Masonic lodge No. 78 in Waukegan and the men's club of Christ Episcopal church there.

They have one daughter, Georgia Drury and two grandchildren, Lucille and Stephen Drury. Fred W. Brown of Waukegan is her brother, and Fred L. Ray of Zion is his brother.

## M. Y. F. TO MEET

The M. Y. F. will meet Sunday, February 11, at 6 o'clock. The worship service will be conducted by Betty Erickson. A hymn sing will be part of the service.

The group will have a valentine party after the service.

## H. S. SOCIAL CLUB TO HOLD MEETING

The second meeting of the High school social club will be held Wednesday, Feb. 21, at 8 p. m.

Mrs. Tom Mahoney will call the meeting to order after the business meeting there will be a "Back to School Night" followed by a social hour.

## MRS. HAYS ENTERTAINS GIRLS CHOIR

The girls choir of St. Ignatius of Antioch church were entertained at a Schrove Tuesday party at the home of Mrs. E. J. Hays, by Mrs. Hays and Mrs. L. R. VanPatten, Sr.

The girls had practice which was followed by supper at six and then a social hour.

## St. Olaf Lutheran Choir To Be at Zion, Feb. 21

The Methodist church in Zion will present St. Olaf Lutheran choir of Northfield, Minn., at the church there Wednesday, Feb. 21.

Directed by Olaf C. Christensen, the choir has a wide reputation for its fine music. Most of its selections are of a religious nature and two of the numbers will be sung in Latin and another in German. Programs will carry the words in English.

Tickets may be obtained at the Antioch News.

## ST. IGNATIUS GUILD WILL MEET WEDNESDAY

The regular meeting of St. Ignatius guild will be held at 2 p. m. Wednesday, Feb. 14, at the Guild hall. Mrs. William Osmond and Mrs. Frank Pechousek will be hostesses. The committee for the Lenten luncheons held yearly during the season of Lent will be appointed.

## Hattendorfs, Lubkemans Had Fine Trip to Mexico; Visited Antioch People

Mr. and Mrs. William Hattendorf and Mr. and Mrs. Emil R. Lubkeman returned home from a vacation trip to Mexico.

On their trip to Mexico they traveled through the Ozarks stopping off at Bentonville, Ark., visiting Mr. and Mrs. Ernest Mount, formerly of Mount Hatchery, Antioch, now operating a large hatchery in Arkansas.

Traveling south through Texas and into the Rio Grande valley to a little town called Weslaco, Texas they found some more old time friends of Antioch. They were Mr. and Mrs. Ollie Kettlehut and family. Mr. Kettlehut is a retired butcher and marketman from Antioch operating what was formerly the Hachmeister market. Mr. Kettlehut sure enjoys seeing friends from Antioch and still calls Antioch his home.

Going through Mexico and into Mexico City they stopped off and visited Morley Webb who is in business in Mexico City. While in that city they visited some of the largest and most beautiful cathedrals in the world. They also had the opportunity to see one of Mexico's most famous sport the bull fights. Going on further south they went to Acapulco, the winter paradise for all Mexico and Americans. They surely enjoyed their stay in Acapulco, swimming in the Pacific Ocean every day and basking in the sun with the thermometer rising around 85° to 90 degrees, while Antioch was shivering a 30 degrees below.

On their return they stopped off at Taxco and visited some of Mexico's largest silver mines and stores. Further into Mexico they visited some of Mexico's largest leather manufacturing of hand tooled leather goods.

## King's to Open Saturday

While the grand opening is reserved for later after all equipment and supplies arrive, the King drug store owned by Anthony Stanich will open Saturday morning at 895 Main St.

Mr. and Mrs. Gile Edwards of Channel Lake celebrated their silver wedding last Sunday in Chicago, with their family and friends. They were recipients of many beautiful gifts and flowers.

## Plan Class Play

With March 29 and 30 set as the dates for production the Senior class will meet tomorrow in selecting its play. Mrs. Jeanette Tummello will be the faculty director.

## CARD OF THANKS

In grateful appreciation for all the kindness and sympathy extended to us during the illness and loss of our husband and father, The Christopher Roeschlein family

## Earl Brabandt, Jr., Now At Lawry Air Force Base

Earl Brabandt, Jr., formerly of Channel Lake and a graduate of Antioch High school, completed his basic training at Lackland Air Force Base in San Antonio, Texas and is now stationed at Lawry Air Force Base, Denver, Colo.

He is attending gunnery school and completed his first phase as the highest in his class.

His mother, Mrs. E. W. Brabandt, is visiting him in Denver at the present time and expects to stay about a month.

## F. F. A. Boys to Appear On Radio Station WKRS

Six boys from the Antioch F. F. A. will accompany Mr. Wickert, F. F. A. adviser, to Waukegan to appear on WKRS Feb. 14, at 12:30 p. m. The boys are Chase Milsop, George Swenson, Jack Chope, Robert Misick, Albert Berkiel and Gordon Heuer.

They will appear on the program sponsored by the Farm Loan Association of Woodstock, Illinois. Mr. R. F. Ostrander, secretary of the Farm Loan Assoc., will interview the boys about their F. F. A. activities and their Vocational Agriculture farming programs.

## Cooking Vegetables

Cook vegetables only until they are tender—no longer.

## High Court Says . . .

(Continued from page 1) the decision was in line with the law.

"I don't know what the loop-hole is," Nickell admitted, but attorneys working on the case believe the "reasoning is not consistent."

The Bensenville district will file an appeal and the Illinois Association of School Boards will file an intervening petition, he said, and "hope to get corrective legislation in the meantime."

If the case is taken under advisement, the procedure will "serve as a stay until its finally disposed of," Nickell commented.

Houser said that "study is being made as to whether it would not be better to seek relief through legislation action."

"Some definite proposals have been put forward and it is believed that a remedy can be found which will provide some measure of relief. It is too early to say just what form these suggested measures might take," Houser added.

A flood of tax objection suits may be another result of the upset school tax apportionment. If County Clerk Garfield Leaf stands pat on the tax levies certified to him by school boards, Lake county's big taxpayers are almost certain to begin lawsuits to slash their tax bills. Hundreds of little taxpayers might also seek a windfall.

If mass objections jam Lake county's tax machinery, it seems likely that every taxing body in the county will be pinched for operating revenues next fall.

County Clerk Leaf today said he is "seeking clarification" of the Supreme court decision, before he decides on a course of action.

## G. W. Jensen Attends Convention of ISVMA

Veterinarians from throughout Illinois assembled in Chicago Jan. 30-February 1 at the largest convention of this state's practitioners ever held. Registration totalled more than 700.

Attending from Antioch was Dr. G. W. Jensen.

Participation in the national emergency planning program divided attention with problems of human and animal health in three days' deliberation of the Illinois State Veterinary Medical Association, holding its sixty-ninth annual convention.

Interest in the profession as a career for young men is so great that qualified applicants greatly exceed the number of enrollments possible in the new University of Illinois College of Veterinary Medicine, Dr. Robert Graham, Dean, reported.

## Out-Cowed

There are a little over 375,000 Vermonters, and over 400,000 cows in Vermont.

## Farm Bureau . . .

(Continued from page 1) zation reached a new high in membership with 1934 members compared to 640 ten years ago. He complimented the directors of the Farm Bureau for the fine cooperation shown him the past year. He referred to the excellent work done by the I. A. A. Insurance Agent, Bertram Abney; Lake-Cook Farm Supply Co. manager A. D. Smith and his staff; the soil testing technician, Mrs. Ray T. Nicholas; the Lake County Wool Pool; Producers Seed Company; and Illinois Grain Terminals Co. He extended a word of appreciation to farm adviser, Ray T. Nicholas, for the excellent Extension Program provided for the farmers of Lake County.

The farm adviser, in his report told about some of the Extension Projects carried on the past year. He referred to the fact that the increase in projects and activities carried on by his office required the use of mass production techniques, and that it was becoming increasingly impossible to make the number of farm visits formerly made. During the past year the farm adviser wrote over 700 news articles and held or attended 136 meetings with a total attendance of over 29,000. A total of 1691 office calls were made to the adviser's office the past year.

Mr. Bertram Abney, I. A. A. Insurance Agent reviewed the work of his department the past year. He stated that Lake County has met all goals assigned by the state company.

Other reports given to the meeting included the treasurer's financial report by L. A. Huebsch; Lake-Cook Farm Supply Company report, A. D. Smith; Home Advisor's Report, Mrs. Helen Volk; nominating committee report; L. E. Carlson, resolutions committee report; Walter Krumery.

Following the business meeting, refreshments were served and a period of square dancing with Don Adams doing the calling was held.

## Popular Colleges

The possibility of obtaining a commission as a second lieutenant or ensign, instead of being drafted as a buck private, is attracting thousands of high school boys. The institutions having R. O. T. C. units are looming more popular with young men than at any time since military science was added to college courses following the passage in 1882 of the congressional act named after the late Senator Justin S. Morrill of Vermont.

## OUR DEMOCRACY—by Mat

## ABRAHAM LINCOLN

Here was a man to hold against the world  
A man to match the mountains and the sea  
The color of the ground was in him, the red earth,  
The smack and tang of elemental things  
And when he fell in whirlwind, he went down  
As when a lordly cedar, green with boughs,  
Goes down with a great shout upon the hills  
And leaves a lonesome place against the sky.

— EDWIN MARKHAM

## STYLE AND POWER FEATURED IN 1951 CHRYSLERS

The 1951 Chrysler New Yorker Newport with new fender line that accentuates its low sleek beauty, and massive front-end that typifies the power and luxury of the new Chrysler line.

Interior of the 1951 Chrysler New Yorker Newport features rich appointments, extra roominess. Upholstery and trim selections are available in colorful, durable and luxurious combinations of leather and nylon cord.

View of the new Chrysler "FirePower" engine. Conservatively rated at 180-horsepower, the new 8-cylinder powerplant is a 90-degree valve-in-head V-type engine.

Advanced styling inside and out, a new 180-horsepower FirePower engine and an improved Chrysler Spitfire engine head the list of 73 major improvements incorporated in the new 1951 Chrysler line.

Chrysler Division officials state that in no previous year has the division introduced so many major mechanical features, nor done more to increase the esthetic appeal of the Chrysler models.

Major developments in the new line include an Oriflow shock absorber, standard equipment throughout the line; Hydrazoid hydraulic-mechanical power steering; and a Fluid-Torque Drive torque converter.

The power steering unit and torque converter are standard equipment on the Imperial 8-passenger sedan and limousine, and may be had as optional equipment on all other Imperial and New Yorker models.

The 1951 Chrysler is offered in twenty-one body styles in the Windsor, Windsor Deluxe, New Yorker and Imperial lines.

**Styling Advances**

In appearance, the 1951 line fully sustains the pace of the mechanical improvements. All models have been completely restyled, inside and out, and each model has its distinctive individual characteristics that make it readily distinguishable from all others in the line. Changes have been made in the direction of further streamlining and the enhancement of sleek, luxurious appearance.

Styling changes include a new wide sloping hood that helps to increase driver visibility; new front fenders; new curved bumper and massive bumper guards; new front and rear ornamentation; new grilles that are distinctive for each model; new front and rear fender moldings; and a

belt molding that now completely encircles the car.

The new wrap-around "Clear-bac" window is now used on all models, increasing rear-window area by 20.7 square inches or 30 per cent as compared with 1950 models not having this feature.

**Accent on Beauty**

Length of the car is accentuated by the new front fender line, which extends further back in the front door panel. A distinctive turn signal and parking light combination is found on each model, and the span between the headlights has been increased 3.5 inches, better to outline the width of the car.

Interior styling includes improvements in upholstery and trim with an unusually wide choice of materials that are the most luxurious and tasteful that Chrysler has ever offered.

## Boy Scouts Mark 41st Anniversary

**"STRENGTHEN LIBERTY"**  
41st Anniversary 1951  
**BOY SCOUTS OF AMERICA**

Official poster marking the 41st birthday.

President Truman will greet 12 outstanding Boy Scouts in the White House on Feb. 6 opening the 41st anniversary of the Boy Scouts of America. Boy Scout Week will be observed Feb. 6 to 12 in every part of the nation by more than 2,750,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme.

At "birthday parties" during Boy Scout Week throughout the nation each member will repledge himself to the Scout Oath or Promise. In each community representatives of the churches, schools, government and business will observe the anniversary with their Scouts. At Unit "open house" parties, parents, relatives and members of the chartering institutions will hear a review of the year's program features, service projects and membership gains.

During Boy Scout Week members of the organization will develop window displays and demonstrations on civil defense and conservation. Each member will inspect his home to make certain no hazards exist. Surprise mobilizations will test Scout efficiency should emergencies arise.

Since 1910 more than 17,500,000 boys and men have been identified with the Boy Scouts of America.

### Early Vision Theory

Empedocles, Greek scientist of about 500 B.C., and other savants believed the eyes omitted rays which struck an object and bounced back to produce vision. Now, of course, it is known that the object sends out waves of reflections which the eyes pick up and transmit to the brain, where the image is formed and interpreted.

### Opening Coconuts

Here's a tip on removing the shell from a coconut. Open the eyes of the coconut with an ice pick or with the sharp point of a knife and drain out the milk. Then put the coconut in a slow oven (325 F.) until it cracks—about 30 minutes. Remove from the oven and allow the shell to cool. Then the coconut can be easily removed.

## Allendale Tigers Rout Lake Villa 58 to 26

The Allendale Tigers avenged an earlier loss this season when the Red Devils defeated the Lake Villa cagers in their return game at Allendale rather handily by the score of 58 to 26. The Tigers definitely playing their best game of the season operated with calm precision and smooth accuracy in downing the fine Lake Villa team as they wilted under the pressure.

The game started fast as both teams scored 10 points the first quarter. The Tigers operating their fast breaking offense pulled ahead at the half in command of 26 to 18 lead. This is as close as the Lake Villa lads got as the Tigers really poured it on in the second half. Led by Capt. John Kelly, the Tigers held a 3rd quarter lead of 38 to 22, and when the final whistle had fin-

ally blown the score stood 58 to 26. During the second half the Allendale sharpshooters had scored 32 points to Lake Villa's 8. John Kelly was the high point man for the evening netting 18 points, while Bronille of Lake Villa hit the nets for 12.

The Allendale Juniors also managed to slip by the Lake Villa lightweights in their game defeating them 28 to 22. The Lake Villa boys led all of the way until the final minutes of the game when the Allendale J. V.'s finally came to life scoring 14 points in the last quarter. Cugler and Meyer led the Allendale while Petersen was high for Lake Villa with 8.

**Council Meets Tonight**  
The Antioch Council of Civilian Defense will meet at the village hall this evening, Director Richard Edmondson announced. Plans will be completed ready to start activities.

## MariAnne's

Main Street

Antioch

presents

the most talked-about girdles in the world

**WARNER'S STA-UP-TOP**  
never rolls over  
always stays up

- ★ the only girdle that never rolls over... always stays up... lets you bend naturally below the band.
- ★ the only girdle that comfortably aligns your waist as it trims your hips.
- ★ the only girdle with the easy-stretch waistband that always stays snug... never spreads.

It's wonderful the way Warner's Sta-Up-Top girdles trim your hips and whittle your waist as well. Wonderful the way that patented elastic waistband grows like a grin with every breath you take. Wonderful the way it inches you in... never pinches you in. Choose your Sta-Up-Top from soft-knits or paneled-perusers—from step-ins or panties—with 2- or 3-inch waistbands—nylon or not. Be sure it's 3-Way-Sized to fit you perfectly in length; hip size and control.

Warner's Sta-Up-Top girdles from \$10.00 to \$18.50  
Warner's bras from \$1.50 to \$5.95

Reg. U. S. Pat. Off.

**Hospital Bed Need**  
Authorities agree that at least 45 general hospital beds per 1,000 population are required to meet the health needs of the country. There were only 3.5 beds per 1,000 civilian population in the United States in 1943, and not many more today. These beds tend to be concentrated in areas which have wealth and large population.

**Easy to Stick**  
The newest way to affix notices to bulletin boards is through the use of magnets. About one-fourth the size of a cube of sugar, these new "tacks" are now sold with steel bulletin boards. Each magnet, which is made of a 25 per cent nickel alloy, is capable of holding 33 times its own weight.

**Children's Teeth**  
The need for bridges and for dentures would be greatly reduced if proper care were given to the teeth of children. Parents must learn to bring their children to the dentist before they need large fillings and extractions, not after.

**CHRISTIAN SCIENCE CHURCHES**  
The proof which Jesus furnished that God is Spirit and His creation—man and the universe—necessarily spiritual, will be discussed in all Christian Science churches next Sunday. Title of the Lesson-Sermon is "SPIRIT."

The Golden Text is from Ezekiel (39:29): "I have poured out my spirit upon the house of Israel, saith the Lord God."

Bible selections in the Lesson-Sermon include these passages: "God is a Spirit; and they that worship him must worship him in spirit and in truth" (John 4:24).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include:

"In Christian Science, Spirit, as a proper noun, is the name of the Supreme Being. It means quantity and quality, and applies exclusively to God... Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God" (pp. 93, 934).

Save yourself 40 miles a year...

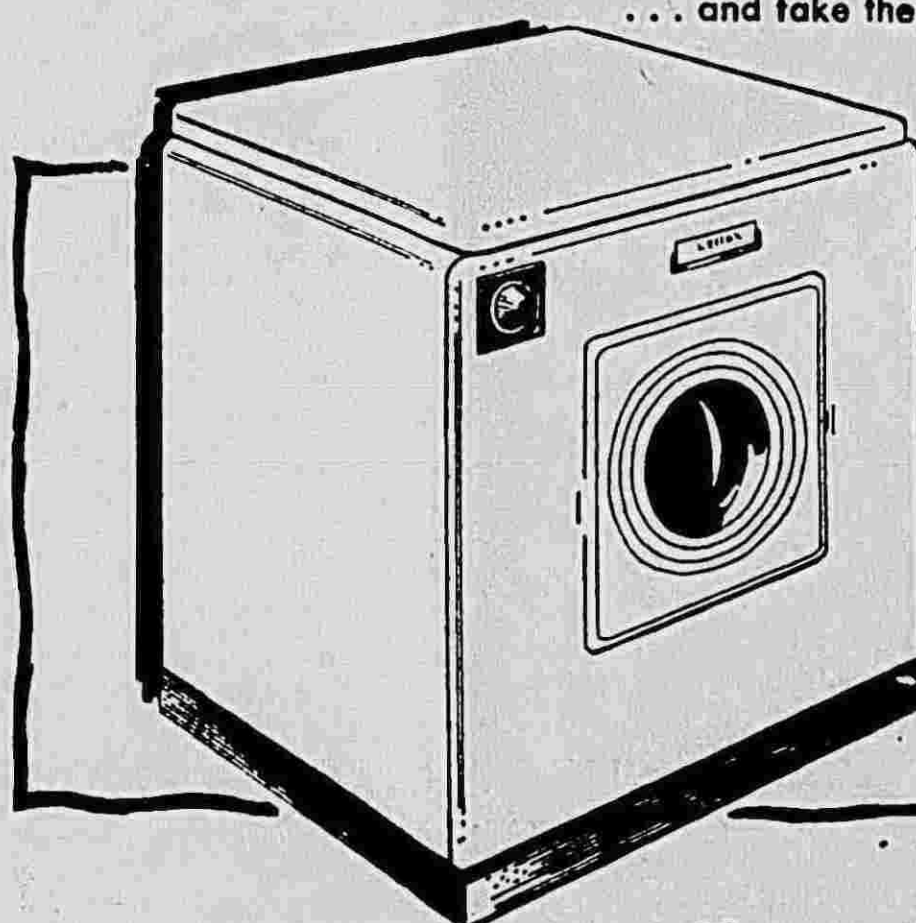

GET AN AUTOMATIC

GAS

CLOTHES DRYER

Yes, it's true... the average homemaker walks 40 miles a year just carrying the weekly wash back and forth... not counting the stooping, hanging and pinning. When you have an automatic GAS clothes dryer you'll take just one step from your washer to the dryer... toss the clothes in... and take them out minutes later, fluffy and sweet-smelling.

TRIAL  
PURCHASE  
OFFER

Use an automatic GAS clothes dryer in your own home for 30 days. If, at the end of that period, you are not completely satisfied, let us know and we'll pick up the dryer and refund your down payment.

Of course, while you're saving steps, you're saving your energy, too. No more lifting and carrying those heavy, heavy baskets... no more moving clothes from sun to shade... or rescuing them from a sudden shower. Drying clothes is just two operations when you have an automatic GAS clothes dryer... put 'em in... take 'em out!

See the new automatic GAS clothes dryers at our nearest store or your dealer's.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

**Steel—More Steel**  
The nation's steel capacity has risen to 100.5 million tons. One day's output of ingots and castings will provide steel for the following items (average sizes): An aircraft carrier, 500 airplanes, 1,000 anti-aircraft guns, 500 tanks, half a million 3-inch shells, 1,000 howitzers, 2,000 aerial bombs, two heavy cruisers, 1,000 freight cars, 2,000 trucks, two cargo ships, 2,000 tankers, 12,000 autos, 2,000 homes, 20,000 household refrigerators and 20,000 stoves. And after all that 23,000 tons of steel would remain for other purposes.

**Relaxing Eyes**  
Here's a simple way to relax your eyes before going to sleep. First, close your eyes. Then open them as wide as possible. Roll your eyeballs in a circle very slowly, first right, then left. Look at the center of the room, then at every object around the room. Close your eyes and rest. Repeat this exercise ten times. Sleep should then come easily. If you have a level, comfortable mattress and bed-spring.

**Human Eye**  
The human eye is as much of a wizard as Merlin. Its manifold magic is shown in almost all its functions, but take a typical one—the transmission of light waves that reach the eye and make an image on the retina. From there the energy of the waves is transformed into nerve impulse and the impulse carries the image to the brain, but not in image form. Some strange marvel takes place at that point, producing actual sight.

**Milk**  
Milk with high bacterial count is more likely to possess flavor defects than milk of low content.

**Interesting Item**  
Old Mother Goose of English and American nursery fame, has some real competition in Colombia, South America. She is "La Pobre Viejecita," or "The Poor Old Lady," who has "no place to live at all, except for a house with a garden. An orchard and fine stone wall!" The delightful, Spanish nonsense rhyme by Rafael Pombo is a favorite of Colombian children.

**Keeps out Cold**  
You can prevent cold wintry breezes from seeping in around the windowpanes by applying strips of cellophane tape along the inside frame.

**Fooling with Guns**  
No genuine sportsman ever will point a gun at another person, nor engage in horseplay with anybody holding a gun—loaded or not.

**Quick-Breads**  
The flavor of quick-breads and muffins can be varied by the use of grated or finely-chopped apples mixed with dough.

**Tractor Costs**  
Faulty spark timing, improper valve tappet setting, leaky valves, or a partially plugged radiator can cause high fuel consumption.

**Storing Apples**  
To insure that apples maintain their crisp texture when stored at home, keep them in a cool and moist place.

**Kitchen Convenience**  
Tongs are a useful addition to kitchen equipment and are especially good for turning steaks or chops.

**U. S. Egg Production**  
Egg production in the U.S. the first nine months of 1950 was seven per cent more than in 1949 and 14 per cent above the average for the years 1939 to 1948.

## ARMED MIGHT

## Russia Has Largest Army

WASHINGTON—Russia has the mightiest army and air force in the world.

An official estimate made recently by American military men placed Russian strength as of today:

1. An army of 175 divisions ready for combat, and the ability to increase this to 300 divisions within 60 days and 500 in a matter of months. Together with satellite armies, the Soviet can muster 40,000 tanks.
2. An air force "whose strength in nearly all categories is now the largest in the world." It includes long range bombers but none with a range as great as this country's B-36.
3. The world's largest submarine fleet, including some snorkel submarines able to remain beneath the surface for long periods.
4. The ability to produce an atomic explosion.

## Develop New Weapons

To combat this tremendous force, the United States is concentrating its efforts toward the development and production of revolutionary weapons, some of which made their first appearance during the war.

These American military experts contend that scientific advances make it possible to achieve relative security without spending to the point of bankruptcy. But they say this less costly way of matching Russia's military strength will still not be cheap or easy.

America's apparent long lead in atomic bomb production, plus the capacity of the United States air force to deliver the bombs, has been and is now preventing Russia from seizing western Europe.

Among the other sensational disclosures of western military men is their belief that there is now practically a military vacuum in western Europe which invites aggression. And they predict that this vacuum will cause a war if it is not filled by the time Russia has a substantial stock pile of atom bombs and a peak of military strength.

When will that be? Military experts report that no one outside the Kremlin knows, but have estimated it around 1953.

## Specialists in Training

Many military leaders do not believe huge conscripted armies will be necessary to defend Europe in case of war.

They explain it this way: the best means of preventing an invasion of western Europe is to be prepared to meet masses of heavily mechanized ground forces with smaller numbers of highly scientific ground troops equipped with revolutionary new weapons.

In connection with this point of view, Secretary of the Army Pace said recently, "Adding to these more recent developments with regard to guided missiles and rockets, target seeking equipment, and the possibilities of tactical use of atomic weapons, it may well be that tank warfare as we know it will soon be obsolete."

These official statements about new weapons gave the people of the Atlantic pact countries new confidence, as they doubtless were intended to do. But whether they impressed Russian leaders and will affect Russian policy is something no one knows.

## Startling Art Forgery Revealed After 126 Years

LONDON, Eng.—One of the most startling art forgeries in the history of art—probably committed about 1796—has been discovered by the British national gallery.

A recent X-ray of Van Dyck's portrait of Cornelius van der Geest, which hung in the National Gallery for 126 years, has proved that only the head was painted by the master and the rest of the half-length portrait is a forgery.

The painting of the head measured about 15 inches by 13 inches, and the body, painted apparently in the eighteenth century, was added, gallery authorities believe, with the view of selling the picture in England at a higher price.

The forger carefully laid in the wood on which the original head had been painted a larger panel of wood with the brand of the Antwerp Guild, and smoothed them to a continuous surface.

The forged painting was less well done and had to be altered. The painting has been rehung with the forged part hidden by a wide Dutch frame of black wood.

## Bandit Locks Grocer In Ice Box to Cool Off

LOUISVILLE, Ky. — George A. Weber, a grocer, isn't taking any chances with the lock on his refrigerator.

A middle-aged Negro recently shoved Weber into the refrigerator and held him up, taking \$700. Then the man slammed the refrigerator door and plugged the hasp latch with a steel knife sharpener. Weber spent 10 minutes in the cold before a bread delivery man heard his cries for help.

## Apostle Peter

His Bones Recovered?

ROME, Italy—A Vatican newspaper has reported "Incontestable proof" will be offered in the near future that the Apostle Peter lived and came to Rome, where he was crucified head downward in Nero's Circus.

The newspaper reported on the excavation work under the present Basilica of Saint Peter where the tomb and remains of the Apostle were reportedly found.

The sensational find is the most important in the history of Christianity, many observers reported. What are believed to be the bones of Saint Peter still are being kept by the Pope in his private chapel.

The newspaper said on the wall behind the altar there is a bronze grating from which can be seen "the blessed stones of the very ancient altars erected above the tomb of the Roman Catholic Church's first pope."

## Eye Cataracts Turn Up Among Japanese Atom Bomb Survivors

WASHINGTON — Eye cataracts have turned up in recent months as the first evidence of delayed effects among the survivors of the atomic bombings of Hiroshima and Nagasaki, the U. S. Atomic Energy Commission has announced.

The AEC announcement said: "Following the discovery that radiation similar to that released in an atomic bomb burst had caused cataracts to form in the eyes of research workers in this country, a preliminary ophthalmic survey was started at Hiroshima last year."

"This survey, led by Dr. David G. Cogan and R. S. Forrest Martin of the Harvard Medical School, revealed 10 cases of cataracts believed to have been caused by the atomic bomb. Subsequent examination of 1,000 persons, most of whom were within 3,000 feet of the point above which the bomb exploded, has led to the discovery of about 40 certain cases of radiation cataract and an additional forty suspected cases."

A full-scale ophthalmological study is underway at Hiroshima and a survey of survivors at Nagasaki is also planned. Annual follow-ups will be made of a statistically significant sample of all persons known to have been within a certain radius of the bomb's hypocenter. More frequent follow-ups of all known and suspected cases of cataract are planned."

The AEC is also continuing its overall survey of the medical and genetics effects of the bombings on the populations of the two cities. The AEC said its findings would "have important significance for scientists and for military and civil defense planning in the United States."

## Firemen Cut Through Eight Inch Steel to Free Worker

CHICAGO—Louis Mantey has decided he doesn't like his job of cleaning out grease chutes.

He came to that conclusion recently after being trapped in a chute of a Chicago building for five and a half hours after his rope became snagged.

He was freed by firemen who drilled and chiseled for three and a half hours to cut an exit in the chute. He suffered treatment for a cut and shock.

Employed by an industrial cleaning company, Mantey was trapped after he was lowered into a chute through an exhaust fan opening. He worked down the narrow chute in a boatswain's chair. When he finished his job he found the rope used to pull him up had become snagged.

His foreman, George Kaforski, tried to release him via the bottom of the shaft, but a series of sharp turns made it impossible. Kaforski called firemen and pushed milk and cigarettes up to Mantey from the bottom. Next he set up a fan to blow up fresh air.

Firemen cut through metal eight inches thick to form a two foot hole through which Mantey could be removed.

"I've been in this business three years, but I don't know if I'm going to stay in it any longer. I don't like this forced overtime," he said when released.

## Hope Named in \$100,000 Libel and Slander Suit

NEW YORK—Bob Hope, the funny man of screen and radio, has been sued for \$100,000. The libel and slander suit was brought by a Manhattan hotel over a wisecrack the comedian used during a personal appearance at Paramount Theater.

The complaint in the suit said the remark was as follows:

"I got into town today and the mayor met me and gave me the key to the city and I checked in at the Forrest Hotel on 49th Street where they gave me a cell — the maid changes the rats every day."

The hotel charged that besides making the statement from the stage, Hope had it written into a script, thus making it libel as well as slander.

## Illegal Diamonds

According to Belgian official figures, the exports of polished diamonds from Belgium to the United States amounted to 41 million dollars in 1946. The import of polished diamonds of Belgian origin into the United States, according to American official figures, amounted to 51 million dollars for the same period. This means that the value of polished diamonds illegally exported from Belgium to the United States amounted to nine million dollars.

## YOU MAY BE DEAF! Test Yourself!

Although only a specialist can scientifically determine the type and amount of hearing loss, answering the following questions may give you a clue as to whether your hearing is up to normal.

Write Yes or No

- Do you find people seem to be "mumbling" or slurring their words when they talk to you?
- Do you hear better in noisy places than in quieter ones?
- Are you bothered by head noises or "ringing" in the ears?
- Do harsh loud noises seem actually painful?
- Do you find that, at one moment, you cannot hear someone speaking to you and, at the next, they seem to be shouting?
- Can you hear the sound of a voice but find it difficult or impossible to understand what is being said?
- Do you seem to hear better with one ear than the other?
- When a group of people are talking, do you seem to have trouble hearing?
- Do you have trouble hearing when going to church, listening to the radio, television, or when seeing a movie... do you have trouble hearing your children, grandchildren?

If your answer to any one of the above questions is "Yes," you may have a hearing loss. If your answer is yes to more than one question, your hearing is probably impaired. In either case, you should send for the FREE book "New Discoveries to Help the Deaf Hear" or see your local Beltone Hearing Service Consultant at

## HAVE YOU EVER THOUGHT ABOUT JOINING THE CHURCH?

Have you ever considered the Episcopal Church? The Episcopal Church has a long history, an unbroken succession from Jesus Christ. The Episcopal Church keeps that Ministry and those Sacraments ordained by Christ. The worship of the Church is the most worthy that men can use to reach God; the devotional life of the Church is rich, to satisfy the soul longing for God. The Anglican or Episcopal Churches hold to apostolic faith and order, without addition or subtraction.

This and more about the Church is explained in Confirmation classes, which begin Friday, Feb. 9th at The Church of St. Ignatius of Antioch, at the parish hall. Children 4:00 p. m. Adults 8 p. m. You are most welcome to attend these classes to learn what this Church teaches; there need be no hesitation. . . half the growth of the Episcopal Church is through converted adults.

## ANOTHER THORP SALE

DeWane and Powers, Auctioneers

New in Style—New in Structure—New in Power—New in Thrift—  
Potent in Price Appeal—It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the

Standard equipment, accessories and trim illustrated are subject to change without notice.

When better automobiles are built BUICK will build them

thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.\*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road.

\*Standard on ROADMASTER, optional on extra cost on other Series.

That title in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is:

Once this one's discovered, the demand will be terrific.

No other car provides all this:

DYNAFLO DRIVE • FIREBALL POWER • PUSH-BAR FOREFRONT • WHITE-GLOW INSTRUMENTS • TORQUE-TUNE DRIVE • 4-WHEEL COIL SPRINGING • DREAMLINE STYLING • DUAL VENTILATION • BODY BY FISHER

## Sunday Night Mixed League

The league-leading Tigers and Giants will be out to break their first-place deadlock as the Sunday Night Mixed league resumes operation at the Antioch Recreation lanes Sunday evening. The league suspended activities the past two Sundays due to the singles tournament.

Six teams, two men and two women on each team, comprise the league. The standing after 18 games shows the Tigers and Giants in a first-place tie, followed closely by the Pirates, Yankees, Cubs and Indians.

High game of 674 and high series of 1828 is held by the Giants. Ernie Lou has high series of 602 including a 249 game. John Benes 592 and a 244 and Herb Metcalf 591 with a 230 game.

Considerable credit is due Herb Metcalf, secretary, for his splendid help in the organization of this league and the fine work done on the league signs and statistics.

## Farmers Prepare for 1951 Hospital Insurance Drive Throughout Lake County

Blue Cross protection against hospital costs will again become available to eligible residents of Lake county through the efforts of the Lake County Health Improvement Association, it was announced this week by Mr. Joseph Geier of Gurnee, president of the association.

A re-enrollment to extend Blue Cross benefits to more people is scheduled to open on Monday, February 19, and will continue through Saturday, March 3.

Final plans are being laid now for the new enrollment, the third to be held in the county, and a "kick-off" meeting will be held on Feb. 19 to launch the re-enrollment.

In addition to all Lake county residents who earn the major portion of their income from farming, membership in Blue Cross will be offered to all members of the Farm and Home Bureau who are employed in groups of less than five persons, regardless of where they live in the county. Also eligible for enrollment are residents of Grayslake, Wauconda, Antioch, Lake Zurich, Round Lake, Mundelein, Gurnee, and Fox Lake.

To be eligible for Blue Cross membership the subscribers must be under 66 years of age; however, he may enroll a spouse who is older. Once a person is enrolled, there is no age limit. All unmarried children under 19 years of age may be enrolled on the family contract and are eligible to receive the same wide protection as the subscriber. "More than 3,000 residents of Lake county joined Blue Cross during the two previous enrollments under HIA sponsorship and are now protected against the higher costs of today's hospital bills," Mr. Geier said.

Over 1,900,000 Illinoisans are now budgeting for future hospital care expenses the voluntary Blue Cross way. Each member is entitled to 30 full days of Blue Cross hospital care service benefits in each calendar year plus an additional 90 days when half the cost of Blue Cross benefits received is paid by the Plan.

May 1 will be the effective date for members who join during the coming enrollment period. New members of the Plan will become eligible for the service benefits offered by Blue Cross beginning with hospital admissions on and after that date. Maternity care for the wife on a family contract will become available when the certificates has been in effect 270 consecutive days.

"We have been so well satisfied with the Blue Cross program since its introduction in the county that we want to extend it to an even larger number of people here," Mr. Geier said. "We of the HIA urge every eligible resident of the county to give the matter serious consideration and plan to give himself and his family the protection that Blue Cross affords."

## Gifts to Rescue Squad Honor C. J. Roeschlein

Contributions have been received by the Antioch Lions Club Rescue Squad fund in memory of Christopher J. Roeschlein.

The donors are Arthur Trieger, Daniel E. Nugent, Mr. and Mrs. Cleto Vos, Mrs. Anna Roeschlein and Mr. and Mrs. Ed Vos of Antioch; Mrs. Harvey Strickler, Jr., and Mr. and Mrs. James Ryan Bryant, Chicago; Dr. and Mrs. B. E. Albright and Dorothy Albright, Evanston; Mr. and Mrs. Vern Lagerschulte, Barrington; Mr. and Mrs. Stanley Szydowski Music Mart and Mrs. H. Oldenburg, Burlington, Wis.; Mr. and Mrs. Ed David, Kansasville, Wis.; and Mr. and Mrs. Arnold Bushman, Twin Lakes, Wis.

Lions Finish Low in Bowling  
Antioch Lions were thirty-first high team series and thirty-sixth with handicap among 43 teams in the club's district bowling tournament at Evanston, Jan. 14. Evanston and Arlington were winners.

## Test Shop A&amp;P!

And See If You Don't Agree...

That Storewide Low Prices on Hundreds of Items Every Day Save You More Than Just A Few "Week-End Specials"!

## Customers' Corner

Did you ever hear of "quality control"?

At A&P this means that we set high quality standards for the food we sell... and then we stick to those standards through thick and thin.

You won't find us lowering our high quality standards because supplies happen to be scarce, or because we want to put on a "bargain" sale.

That is why you can shop at A&P, day in and day out, with complete confidence that if, for any reason, you are not satisfied with any purchase, your money will be cheerfully refunded.

We will be grateful for any suggestions you may have that will help us maintain our high quality standards. Please write:

CUSTOMER RELATIONS DEPT.

## A&amp;P's PRICE POLICY

• Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end" specials.

• All Advertised Prices (including those items not subject to price ceilings) are guaranteed for one week, even though market prices go up.

We believe this policy helps our customers save more money.

• With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.

"What a Big Saving There Is Since I've Been Doing All My Marketing at A&P!"

All prices shown here, not merely grocery prices, are guaranteed—Thursday, February 8th thru Wednesday, February 14th.
